## ROLE

## SCHOOL

SOUTHERN CROSS CATHOLIC  
COLLEGE DE LA SALLE CAMPUS

### **Why did you take up your current role?**

My children started at Southern Cross Frawley Campus in 2015 and I had transferred to work at a state

of all of the students is a busy job, but a very rewarding job. It's great to see all of the different personalities walk

school in the area. When I heard there was a position I jumped at the chance to be a part of such a wonderful college. My mother-in-law worked here from 1984-2002 and my husband attended the school, so to carry on the family history it's an honour that I got the job. I feel very privileged to be a part of this community.

### **Why is the role important to you?**

Being able to attend to the multiple everyday questions and needs

through the door every day. The importance of my job is being able to communicate with the students and understand their needs as they are all different and they react in different ways to different situations.

### **What does it mean to be part of a school/institution that promotes the Catholic faith?**

Being part of a community of students and staff who are so considerate and share the same faith makes all the difference in a day at school. What a wonderful feeling it is to receive such caring approaches from the students and staff. I felt like one of the family on my first day here – it is a great feeling.

### **How do you integrate your Catholic faith in your work?**

I am who I am, I will listen, talk and support when needed. I will not judge anyone as we are all different in our beliefs. I hope that I make a difference in everybody's day if needed.

### **What advice would you give to someone who wants to do your job?**

Jump – just do it, it's such a rewarding job!
